

---

## Names Index

---

This index (like the other two, per common practice) ignores most front and back matter and all epigraphs, those quotations at the beginning of each chapter. So if you're looking for Aristotle, Doonesbury, or my mom, you have to riffle. Otherwise, if the book mentions or cites a person, persona, character, pseudonym, or British comedy group, that name should show up here.

- Abbott and Costello, 31  
Abel, Scott, 152 (image)  
Adlin, Tamara, 159 (ftnote #168)  
Ahlers, Sharon, 77 (ftnote)
